What you buy

A one-time payment buys a transferable license for Grace WebCompare v4. Each license covers one person at a time and unlocks the selected limit per site, per project: up to 50,000 links or unlimited links. The desktop app, CLI and MCP tools are included. When transferring a license, stop using it yourself. Future major versions are outside this purchase. Your statutory rights to necessary updates still apply.

Payment and delivery

Your order shows the selected tier, quantity and total in EUR, including VAT where applicable. The contract is concluded when we confirm payment. After payment, we make the license codes available at checkout and send one code per license by email. Download the app for macOS (Apple silicon), Windows (x86-64) or Linux (x86-64) from the product page. Internet access is required to activate a paid code. Contact WebCompare support if you need to check compatibility before buying or if your code does not arrive.

Consumer withdrawal

If you buy as a consumer, you may withdraw within 14 days of concluding the contract without giving a reason, even if we deliver your code immediately. Send a clear statement of withdrawal to webcompare@link-v.pro or to the postal address above before the deadline. You may use the model below. We refund payments within 14 days of receiving your notice, using the original payment method unless you agree otherwise, without a refund fee. Stop using the paid license after withdrawal. Any longer statutory period still applies.

Defects and disputes

Send complaints to webcompare@link-v.pro and describe the issue. Consumers retain statutory rights for defective digital content, including correction and, where applicable, a price reduction or termination and refund. You can also ask the Czech Trade Inspection Authority (ČOI) to resolve a consumer dispute out of court. Czech law applies, with mandatory protections under the consumer's applicable law preserved.
